MINOR CITY TOPICS.

Apparently the headquarters of the train belt have been moved to Santa Fe. Regular meeting of Paradise lodge No. 2, I. O. O. F., this evening at 8 o'clock. The territorial supreme court will take a recess on Saturday next for some weeks.

The work of laying new steel rails between Santa Fe and Lamy Junction is in progress.

U. S. weather bureau forecast for New Mexico: Thunder showers tonight; probably fair Friday.

The cleaner the city the better for the health of all concerned. Pointers respectfully furnished his honor, the mayor.

The territorial board of equalization will meet in this city on the second Monday in September for the transaction of official business.

The New Mexico board of dental examiners meets in Silver City next week. Dr. D. W. Manley, secretary, will attend the meeting.

Among the Republican candidates for the shirley nomination in the coming election are C. M. Conklin, John W. Conway and Antonio Alarid.

The street has it, that T. P. Gable is figuring on the Democratic nomination for sheriff, especially should Sheriff Kinsell not be renominated by the Republicans.

The board of county commissioners will meet on the first Monday in September to appoint registration boards in the several precincts of this county for the coming election.

Large shipments of peaches, apricots, nectarines and pears are being made daily from Santa Fe. The people up in Colorado Springs are buying a good deal of Santa Fe fruit this year.

C. M. Creamer, for many years the leading druggist of Santa Fe, is now employed as a prescription clerk at Cripple Creek, Colo. His wife and children continue to reside in this city.

The business men and property owners of Santa Fe should do all in their power to promote the success of the approaching New Mexico Horticultural fair in the Capital city. The orchardists can be depended upon to do their full share.

Yesterday the thermometer at the local weather bureau registered as follows: Maximum temperature, 75 degrees at 1:00 p. m.; minimum, 57 degrees at 2:10 a. m. The mean temperature for the 24 hours was 66 degrees. Total rainfall 0.70 inch.

The railroad companies running to this city have made special rates for the Horticultural fair to be held in this city on the 7th, 8th and 9th of next month. Orchardists and people interested in fruit growing and horticulture should make a note of this and attend the fair.

Deputy Sheriff Huber yesterday effected the arrest of Higinio Lujan, up above the brewery, the charge being assault with intent to kill. The alleged deadly assault is said to have been made on Felipe Vigil, on Tuesday. Lujan's preliminary hearing will take place before Justice Miguel Gorman tomorrow morning at 10 o'clock.

Preparations for the second annual fair of the New Mexico Horticultural Society, scheduled to take place in Santa Fe on September 7, 8 and 9, are in rapid progress under the direction of the capable committee on arrangements, and no doubt is entertained that the coming fair will far exceed in extent and variety the fine exhibition of last autumn.

The sad news reaches Santa Fe that Thomas H. Lowthian, at one time a half owner in the Lone Star and Alhambra groups of gold mines over in the Cochiti mining district, and who some time ago sold these valuable interests for a comfortable fortune, died in Denver Sunday night, as the result of a surgical operation. When Mr. Lowthian last visited Santa Fe, about a year ago, his health was evidently not good, and his friends here feared that he was not destined to live long.

The Alhambra mine and mill, owned and operated by the Cochiti Gold Mining Company, of Boston, are now giving employment to 200 miners and skilled millmen and the company is daily increasing its force of operatives.

The Washington, Lone Star, King, Crown Point, No Name and Little Mollie mines will also soon be giving constant work to hundreds of miners. The merchants of Santa Fe will make a serious mistake if they fail immediately to begin cultivating friendly relations with the mine operators over in the Golden Cochiti.

Good work is being done on the streets of Santa Fe these bright August days, much to the credit of Mayor Hudson and his associates on the city council. The New Mexican hopes soon to be able truthfully to announce that the open sewer nuisance on Water street has been permanently abated.

The board of education will hold a meeting in a day or so for the purpose of completing arrangements for the opening of the city schools. It is hoped that there will be sufficient funds available to enable the board to hold at least eight months of school during the year.

It is reported that some would-be politicians, who hold out principally in bar rooms, carry deadly weapons concealed about their persons. The sheriff's force and the city marshal and police should keep a special lookout for men violating the law in this particular.

The records do not show that any pawnbrokers' licenses have been taken out in Santa Fe, although it is well known that two or three pawnbroking establishments are in full blast on San Francisco street. The authorities should look into this matter.

The ladies are invited to the college grounds tomorrow afternoon to witness one of the finest exhibitions of base ball that has ever taken place in Santa Fe. The game will be between the two Santa Fe crack teams.

Property owners should burn the weeds on vacant lots. These noxious weeds in many parts of town are an eyesore and detrimental to the health of the community.

The game season opens again September 1.

Attempted Robbery.

About 12 o'clock last night the Santa Fe Mercantile Company's store was discovered to be filled with smoke by passers by on the street, and an investigation was at once made. Sheriff Kinsell, who was on his way to the jail from his home, went into the back yard and on reaching the rear door to the building found it open, but could see no signs of fire anywhere. He went all over the place, made a careful examination of the premises from the collar to the upper floor, but to the present time the source of the smoke is a mystery.

This morning it was found that the back door to the storeroom on the first floor had been forced open by inserting a thin piece of steel between the door and casing and prying off the staple into which the large bolt shot. So far no goods have been missed, although Mr. Gusdorf says that it would be a difficult matter to tell whether or not anything had been taken, and it would be several days before articles, if any had been taken, would be missed.

The affair is somewhat mysterious, since no signs of any fire can be found, but there is no question that an attempt had been made to loot the store.

UNION COUNTY MATTERS.

Clayton Growing Rapidly and Substantially—Sheep and Cattle Men Prospering—Political Outlook.
Hon. Albert W. Thompson, receiver at the United States land office at Clayton, was a visitor here yesterday on private business. Mr. Thompson reports the business of the land office at that point as increasing slowly but steadily, and that many new settlers are going into northeastern New Mexico. As to Clayton, he says the town is experiencing a solid and substantial growth. It boasts now of a first-class, comfortable and commodious hotel with modern improvements, electric lights, electric bells and the like in the house, bath rooms and other conveniences.

The little city has good and well conducted water works and an electric system erected and managed by Hon. Emerico Gallegos, the present popular and well known sheriff of Union county. Mr. Gallegos is one of the most progressive and public spirited citizens of the town and county and is doing much for the development of the resources of the county and the growth of the city.

Clayton is quite a wool market and has shipped annually for the past few years from a million and a half to two million pounds of wool to eastern markets. There are over 5,000 head of improved sheep in the county, and probably more, but that many are returned on the assessment rolls at any rate.

The ranges are in excellent condition throughout the county and sheep owners and cattle raisers are feeling good over the results of the past year, and over the prospects for the coming fall and winter.

Politically Mr. Thompson is of the opinion that Union county will give a Republican majority this election for the entire ticket. The Republican ticket two years ago was defeated by a very slender majority, the Democratic county ticket having an average margin of about 25, and the changes during the past two years, and the fact that Union has become an important sheep growing and wool raising county, have all been in favor of the Republican party.

The legislative nomination, Mr. Thompson thinks will likely go either to Hon. Mateo Lujan or Mr. Saturnino Minard, and the Democrats are talking of nominating John S. Holland. The council nomination on the Republican side in the district goes this year to Mora county and on the Democratic side to Colfax county. Mr. Thompson, having concluded his business here, left last evening for his home.

Labor Day Proclamation.
The laws of the United States of America designate the first Monday in September of each year as a legal holiday to be known as Labor day.

A general observance of the day so wisely set apart by congress will promote a higher appreciation of the dignity of labor, and the great work it is doing in building up our beloved country, by the development of the varied resources. A due recognition of the day by all the people will tend to the cultivation of friendly feeling among us and beget those pleasant and reciprocal relations so essential to our welfare and happiness as a community.

Now, therefore, I, George H. Wallace, acting governor of the territory of New Mexico, do proclaim and declare Monday, the 5th day of September, in the year One Thousand Eight Hundred and Ninety-eight a legal holiday, and earnestly recommend that all business of whatever nature, except such as the necessities of the community require to be carried on, be suspended on that day, and that all who may desire may have an opportunity to observe the day in such a manner as may to them seem best and benefiting the occasion.

Done at the executive office, on this, the 25th day of August, A. D. 1898. Witness my hand and the great seal of the territory of New Mexico.

(Seal) G. H. WALLACE,
Acting Governor Territory of New Mexico.

By the Governor,
GEO. H. WALLACE,
Secretary of New Mexico.
